George's ELHAP

I would describe ELHAP as the place that George is happiest. Within its enclosed yet carefully created safe environment he is able to play, explore, build and climb with the support of a fantastic team of experienced and committed playworkers.

Due to his challenging behaviour, George's life is defined by strict boundaries and rules except at ELHAP where he is an individual, free to choose what he wants to do - to have fun, to make friends and to get messy!

Our family has gone through some very difficult times but ELHAP has always been a true lifesaver by supporting our family and allowing George to be himself without judgement.

There is nowhere quite like ELHAP. It is unique in that children with a huge variety of complex needs can safely mix and enjoy just being children. There is a wonderful family spirit at ELHAP and there is always a warm welcome for everyone. Quite simply, without the help of ELHAP our family would have been unable to cope

with the constant high stress of managing George's behaviour. The benefits ELHAP has given us are beyond measure.

What Parent's say...

"I am writing to say thank you for having Sarah and Kelly over the summer holidays. It has been an amazing experience for all our family but especially me. For the first time ever I have been able to leave Sarah somewhere and not worry about her."

"ELHAP is very special place - a place where children with disabilities can experience the same kind of freedom other children have, but in a safe and caring environment... You are a lifeline to so many families and we are all extremely grateful for all your hard work in making ELHAP such a wonderful place."
